## 4 Notice of your statutory rights for access to medical reports

---

**You should carefully read and sign this section. If there is anything you don't understand, you should speak to Royal London.**

Before we can apply for a medical report (section 5) from a doctor who has cared for you, we need your consent. Before doing so, you should read this section carefully as it sets out your rights under the Access to Medical Reports Act 1988 or the Access to Personal Files and Medical Reports (Northern Ireland) Order 1991 (as appropriate) and the procedure for how medical reports are dealt with.

You do not have to give your consent but without it we cannot consider your application to access your pension savings on grounds of ill-health.

If you do give your consent, you can say whether you wish to see the report before it is sent to Royal London.

### **If you indicate that you do not wish to see any report**

- You should complete section 2, sign the declaration, and forward this form to your doctor to complete section 5.
- The doctor can return the form as soon as they have completed section 5, and we will be able to process your claim without delay.
- You can, still change your mind and notify the doctor that you wish to see the report at any time within six months of them completing it. If the doctor has already returned the report to us they will make arrangements to let you see a copy and, if not, they will give you 21 days to arrange to see it. The doctor is allowed to charge you a fee to cover the cost of supplying you with a copy of the report.

### **If you indicate that you do wish to see any report**

- This may delay the processing of your application.
- The doctor is allowed to charge you a fee to cover the cost of supplying you with a copy of the report.
- You should follow the procedures outlined below.

### **Procedures for access to medical reports**

- If you indicate that you wish to see the report, you should complete section 2, sign the declaration below, and forward this form to your doctor to complete section 5. You will then have 21 days to contact the doctor to make arrangements for you to see the report.
- Once you have seen the report, before it is sent to us, the doctor cannot issue it to Royal London unless they have your consent. Remember that without your consent we are unable to consider your application.
- Once you have seen the report, you can write to the doctor asking them to amend any part of the report which you consider to be incorrect or misleading, and have attached to the report a statement of your views on any part where you or the doctor are not in agreement and which the doctor is not prepared to alter.

## 4 Notice of your statutory rights for access to medical reports continued

- The doctor is not obliged to let you see any part of the report if, in their opinion, it would be likely to cause serious harm to your physical or mental health or that of others, or would indicate the doctor's intentions towards you. They also do not have to let you see any part that would be likely to disclose information about, or the identity of, another person who has supplied information about you, unless that person has consented or the information relates to, or has been supplied by, a health professional involved in caring for you. In such cases, the doctor must notify you and you will be limited to seeing any remaining part of the report.
